## Participant profile

This series of courses is designed for those aspiring to, or currently working within, support roles across the investment and finance industries. It will benefit those in roles such as marketing, sales, project management, human resources, IT, and legal through better understanding of the industry, facilitating communication with colleagues, and advancing in one's career.

The goal of the Investment Foundations<sup>®</sup> Certificate is to provide an overview of the essentials of finance, ethics, and investment roles, providing a clear understanding of the global investment industry including terminology and foundational concepts. Individual learners develop competence by understanding industry functions, relationships, and their role and professional responsibilities, helping them see where they fit in the big picture. Successfully completing all 6 courses makes one eligible to sit for the final assessment which, when passed, confers an Investment Foundations Certificate and digital badge.
